Anagraphic registration

All European Union citizens have the right of entry, residence and free movement in Italy, for periods not exceeding 3 months and, for this purpose, no formalities need to be fulfilled, except for the possession of an identity document valid for travel abroad (in accordance with the legislation of the State of which the person is a national). For periods longer than 3 months, the European Union citizen has the right to stay in the national territory in the

cases provided and according to the formalities set by Legislative Decree no. 30 of 06/02/2007 and subsequent amendments and additions. EU students wishing to stay in Italy for more than ninety days should apply for residence in Italy at the municipality of reference. - copy of an identity document valid for travel abroad, issued by the competent authorities of the State of which the person is a national;
- documentation certifying enrolment at the University;
- self-declaration certifying the possession of sufficient economic resources not to become a charge on social assistance of the Italian State (at least 538,68 euros per month, for each month of the academic year);

2 WHAT TO DO WHEN ARRIVING TO PALERMO

Tax code

The tax code is an identification code issued by the Ministry of Finance which is used to open a current account or to sign contracts. Citizens residing abroad can request it from the Italian diplomatic-consular representation in their country of residence. In Italy, it must be requested from the Revenue Agency Office of the city where you reside.

Health coverage

To obtain Health coverage, you may either voluntarily register with the National Health Service or subscribe a private medical insurance. With the National Health Service (SSN) you can choose a referring medical doctor, who will take care of your health problems for free and will prescribe you medications, exams and any specialist visits. Registration is valid for one calendar year (from January 1st to December 31st). To register with the SSN:

If you are a non-EU citizen you must:

- fill in and pay at the post office a payment slip of 700,00 Euros (cost of the service for the calendar year);
- contact the ASP (Provincial Health Authority) office closest to your home address (find all the addresses on the <https://www.asppalermo.org/azienda/distretti/>) bringing with you:
 - payment receipt;
 - tax code;
 - passport;
 - receipt of the residence permit request;
 - self-certification of residence or stay.

2 WHAT TO DO WHEN ARRIVING TO PALERMO

If you are an EU citizen:

If you have a TEAM card you can access the National Health Service (SSN) in the first three months of stay in Italy without paying any registration. Should you stay in Italy for more than 3 months, the European health card entitles you to benefit only from the necessary medical treatments, while for complete health coverage you must request, before departure, the form S1. If you are in possession of the form S1, you can register with the National Health Service for free by contacting one of the local ASP health offices. The documents required for registration at the ASP offices are:

- self-certification of university enrolment;
- tax code;
- copy of passport or other identity document;
- self-certification of residence or stay;
- S1 form.

If you do not have the S1 form, you can voluntarily register with the NHS by paying a registration fee and following the same procedure as for non-European citizens.

Bank current account - prepaid card

Before opening a bank account, it is useful to inquire about the rates charged by the various banks. In general, online checking accounts/prepaid bank or postal cards offer students more convenient terms. When opening your account, you must fill in some forms, present an identification document (passport or national identity card if EU citizen), a residence permit or a receipt for a residence permit request (non-EU citizens) the tax code, the registration at the Municipality of residence or the declaration of domicile and a certificate of registration at the University.

INFORMATIONS FOR INTERNATIONAL STUDENTS

Academic calendar

The academic calendar is divided into two semesters: the first one from late September to February, and the second one from late February to July. Classes usually start in late September and end by mid-December; they start again in late February and end in late May. The exams of the first semester are held in January and February and those of the second semester in June and July. Each department publishes its academic calendar with class times and exam dates.

CFU and votes

Italian Degree courses are structured in University Credits (CFU), which are considered equivalent to ECTS (European Credit Transfer and Accumulation System) credits (1 CFU = 1 ECTS). The CFU is the measure of the learning work and generally corresponds to 25 hours of student engagement (classes and personal study). A full-time student should achieve 60 credits each year, upon passing the exams, equal to 1500 hours of commitment. The credits do not replace the mark which is expressed out of 30: the minimum mark is equal to 18 and the maximum mark is equal to 30. Students can obtain "praise" (30 mark and honors) if their examination is considered excellent.

CFU & VOTES

Italian Degree courses are structured in **University Credits (CFU)**

equivalent to **ECTS** (European Credit Transfer and Accumulation System)
